

OVERVIEW

ASEE 2015 Conference: Communication-related Sessions and Papers

Including Initiative on Communication across Divisions

Identified by Judith Norback, jnorback@isye.gatech.edu and Harry Sharp, Georgia Tech
Liberal Education/Engineering and Society Division

Please note: The goals of the Initiative on Communication across Divisions include the cross-fertilization and sharing of information about communication between and among divisions, with the eventual goal of collaboration across divisions, professionals and projects. To participate, email jnorback@isye.gatech.edu. Currently 7 divisions are involved; 10 others include communication-related papers, as shown below.
